

AI x MS community

First board meeting

Code of conduct

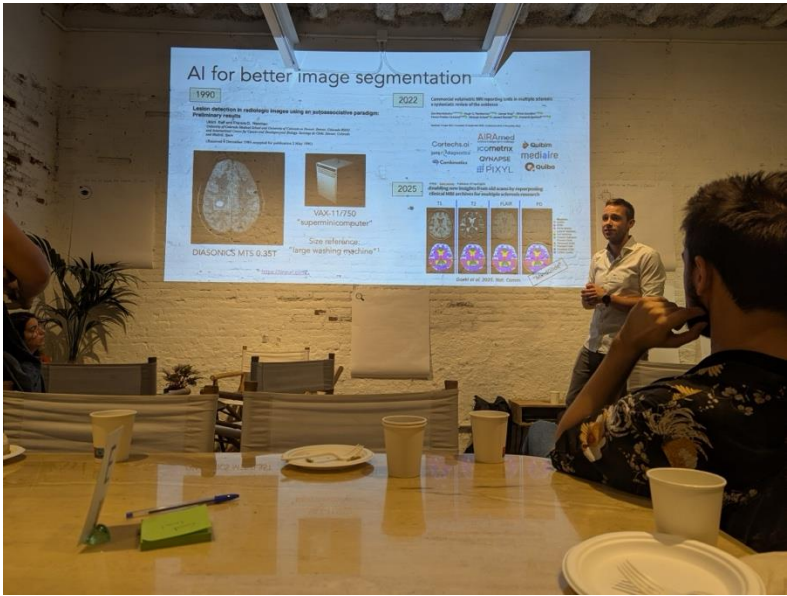

- NICE! Many people in this call 🤗
- Risk: Anarchy 💣
- Please:
 - Raise your 🖐️ in Teams
 - Active Google Forms contribution
- Anyone who could take notes from time to time?

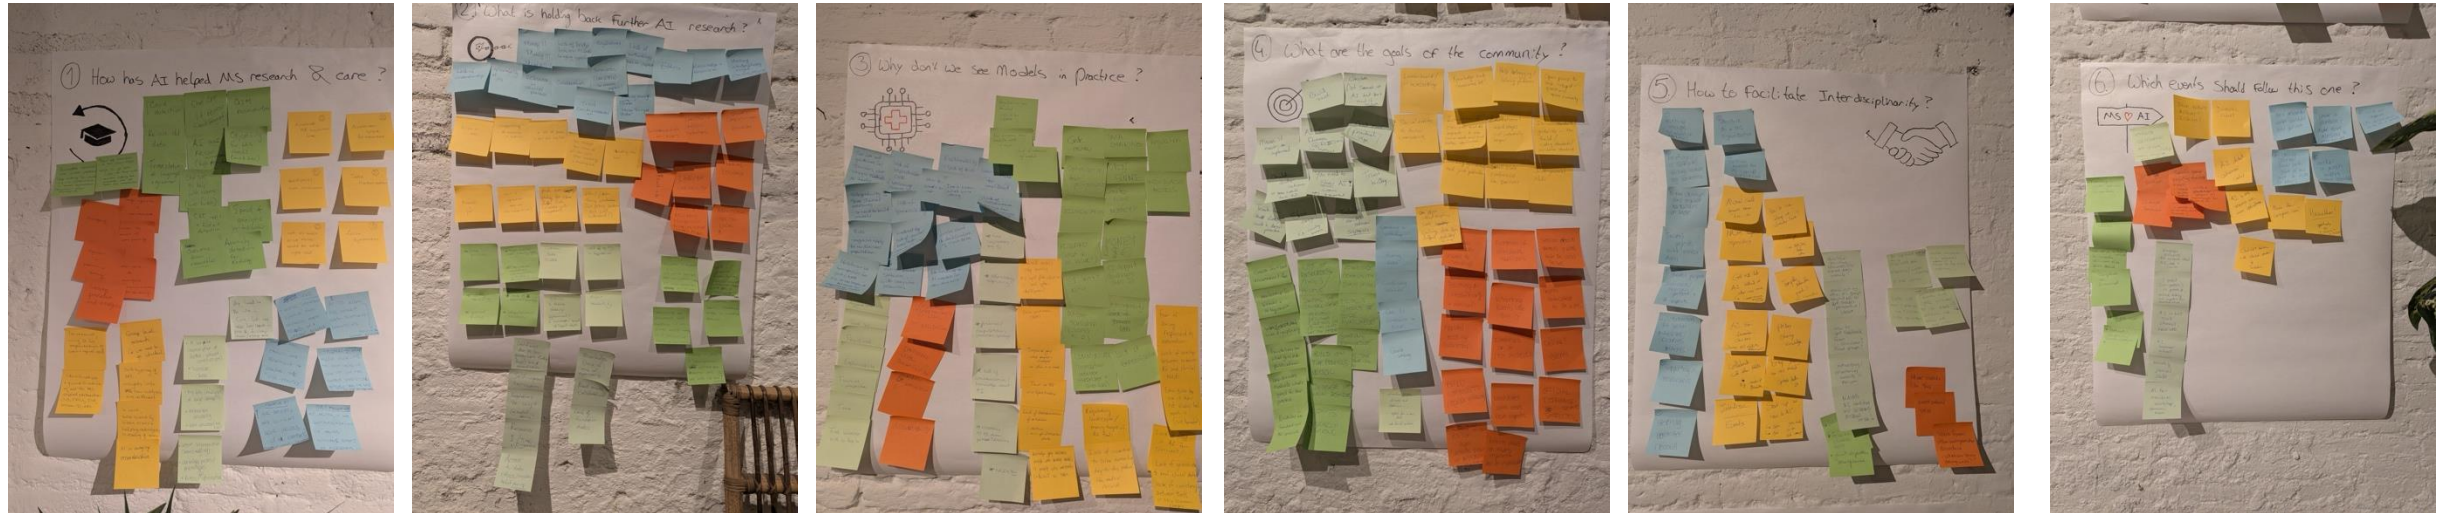

Recap

23 September 2025 – Barcelona ES

A recap

Responses

Q1 – Q3

@Stijn show teaser!

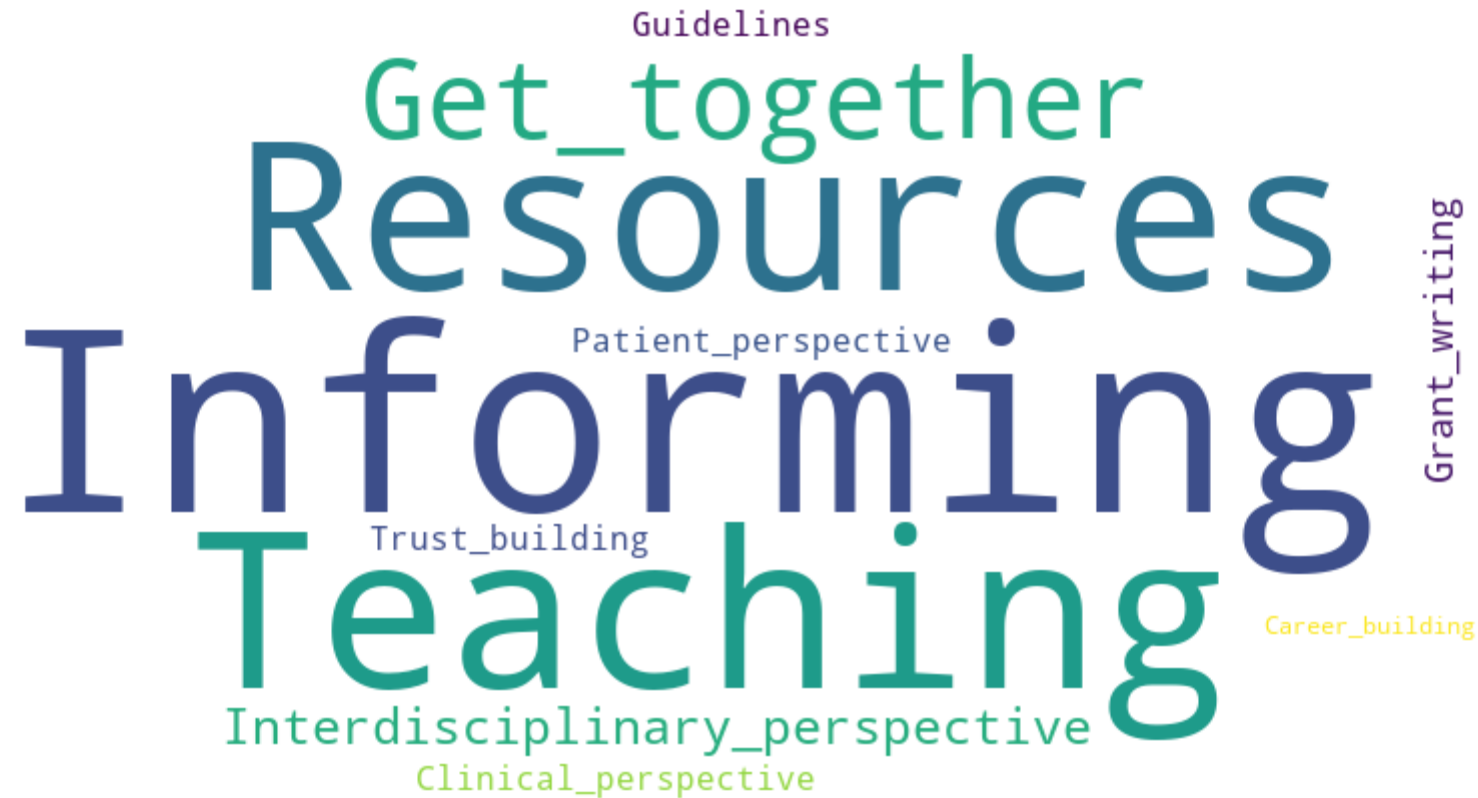

Q4 – Q6

Added categories

Some clear signals in the responses

Q4: Community goals?

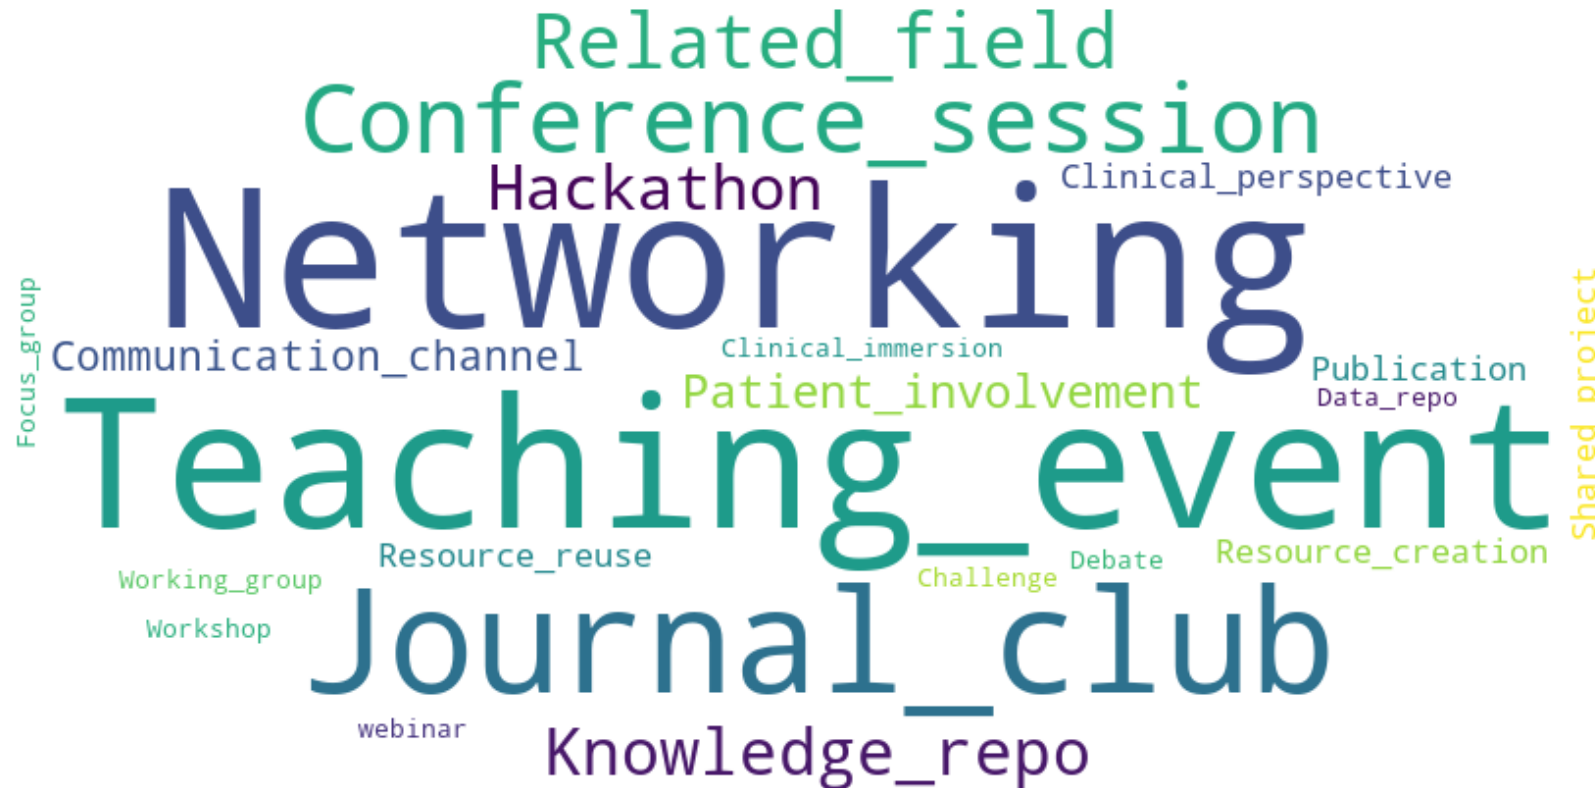

Some clear signals in the responses

Q5: Interdisciplinarity

+

Q6: Next events?

Suggestion for next steps

- The main goals of the community are:
 1. To **INFORM** about developments in the AI x MS landscape
 2. To **TEACH** AI to clinicians
 3. To build **RESOURCES** like data/knowledge repo's and guidelines
 4. To **GET TOGETHER** and stay in touch
- The events that we could consider next:
 1. Guideline paper: write / read / review AI paper in MS ➔ EQUATOR?
 2. “AI for Dummies” session at E/ACTRIMS 2026 (nice link 🖐️) + Drink
 3. Recurring online Journal club (e.g. monthly)
 4. Create a Discord channel to stay in touch

What are your thoughts on ...

... A name

- Prof. Guy Nagels suggested “TECHTRIMS”
 - Politically sensitive, as “TRIMS” is protected
 - Consideration: How connected do we want to be to ECTRIMS?
- Another “AIMS” might be confusing? (NAIMS-AIMS, VUB, ...)
- An idea:
 - MUSAI: Multiple Sclerosis and AI consortium
 - Might resemble MONAI too closely

Google Forms →

... Distributing responsibilities

- Some considerations:
 - Accreditation for students (e.g. transferable skills)
 - How to not overload one person?

... Distributing responsibilities

- The events:
 1. Guidelines paper
 2. "AI for Dummies" @ECTRIMS 2026
 3. Online journal club
 4. Discord channel
- Please choose from:
 - Organising committee
 - Supporting role pre- / during / post-event
 - No responsibility
- Interested in organising another event?

... Organising future board meetings

- Collective meetings?
- Sub-meetings per event organised?

Other thoughts?

Thank you for being here
